Thanks, Scott – can you clarify what you mean by keeping the documents internal? And do you want me to add them to the calendar invite?

Hi Wienke and Scott,

We prepared a short PowerPoint to facilitate discussions during the meeting today. I also attached a copy of our Initial notification form. We'd prefer if you can keep this document internal as the analysis is still preliminary.

All the best,

Scott

Hi Wienke,

This agenda looks great. The only thing I would add, is if time permits, we'd like to touch base on PM10 in the Coachella Valley. Phil mentioned that we would likely convene a group from the three agencies to meet periodically to discuss the issue. Perhaps we could determine who wants to be in that group and decide on a meeting interval.

Scott

Sorry, forgot one thing – we can have the questions you asked at the end of the agenda; I'm guessing our discussion will cover them all, but just in case, we can go through them.

Hi Scott and Scott –

I think we'd like to spend the majority of Thursday's call on the data. I was hoping we could start with AQMD (and maybe CARB, Scott K?) talking about the INI form. Then a broader discussion of the data, and close out with a few minutes of discussion about planning scenarios. Does that sound reasonable? Let me know if you'd want changes to the suggested agenda below. I'll be in a meeting in Sacramento today so will not be able to check email until late in the day.

SCAQMD-CARB-EPA Call on 2006 PM2.5 Data

Thursday June 13, 3-4 pm
Call-in #: 628-246-1294
Conference ID: 289485

1. Agency Introductions
2. 2006 PM2.5 data
 - a. SCAQMD/CARB? – INI form
 - b. Group discussion
3. SCAQMD questions sent to EPA
4. Planning Scenarios
5. Next Steps

Thanks –
Wienke
